

Dear Westland Resident,

Early Friday, January 6, 2007 I ordered the complete closing of Central City Park and with the help of diligent city workers, a chain-link fence was erected around the entire perimeter of the site by dusk. While the closing is not permanent, this was to ensure public safety as I prepare to engage in talks with the county and state officials about moving forward to clean up the park. It is my intention to keep the public informed as more facts become available. We are currently working to provide you with the most thorough information possible.

Sincerely,
