City of Westland Requests Input for City's First Dog Park

Westland, MI (January 31, 2022) The City of Westland has proposed a new dog park in the All American City. The Department of Parks and Recreation is targeting the installation of Westland's first dog park in spring 2022.

Funding for the proposed project will be provided through the Parks and Recreation budget, allocating \$150,000 for fiscal year 2021-2022.

The future location will be next door to the Department of Public Service (37137 Marquette) and will include a perimeter fence to keep both dogs and residents safe. The off-leash dog park will also feature separate sections for small and large dogs to play.

The community will have a chance to have their voices heard on amenities for the dog park. Residents can provide their input by participating in a short survey to make sure the City's first Dog Park has everything needed for

residents and their dog including a dogone good name for the park. The results of the survey will be discussed at a Parks & Recreation Advisory Council public input meeting on February 28th at 6 PM at Westland City Hall (36300 Warren Road).

Mayor William R. Wild stated "The All-American City looks forward to offering this great new amenity to the Westland residents and their special four-legged friends as well!"
