City of Westland Implements New Recreation Management Solution, Westland Recreation Portal!

New Software Offers Residents Easier Access to City Activities and Registration
Westland, MI – July 2023 – The City of Westland has partnered with CivicPlus to implement a new parks and recreation management software solution, called the Westland Recreation Portal. The CivicRec cloud-based recreation management solution will allow residents greater visibility into offered City activities, classes, sports, and youth leagues with more convenient online registration and payment options. Residents are able to sign up for or renew memberships at our Senior Friendship Center and the new Westland Rotary Canine Corral. Residents can also reserve community facilities, such as pavilions, sports fields, and meeting rooms. All of this conveniently online.

“When I became Mayor, I wanted to find efficiencies within our government to provide services to our residents in the most effective and convenient manner possible, including online. Our new Recreation Portal is just the first step in making as many of our City services available online 24x7 as possible,” said Mayor Michael P. Londeau.

The Recreation Portal is a great example of multiple City departments working together to provide a better experience for the residents of the City and is designed to be intuitive to navigate and easy for residents to use. In addition, it is mobile-friendly, allowing users to search for community activities and events, register, provide required documents, and remit payment even from a smartphone or tablet.

Visit the new Recreation Portal online at www.cityofwestland.com/recreationportal.
