

IMPORTANT **NEWS ABOUT YOUR NEIGHBORHOOD**

Newburgh Road – Cherry Hill Road to Ford Road Pavement Rehabilitation Project

Project Description

The City of Westland is undertaking a pavement rehabilitation and repair project along **Newburgh Road from Cherry Hill Road to 400 feet North of Ford Road**. The work consists of milling the asphalt pavement surface, repairing deteriorated joints in the concrete base and resurfacing the road with asphalt wearing course. In addition, improvement to sidewalk ramps at public Right-Of-Way crossings will be made. This project is primarily funded thru an MDOT federal grant.

Access

Repair work will be scheduled during normal working hours. The roadway will be open to traffic at all times with traffic restricted to a single lane in each direction. Local traffic, including emergency vehicles will have access to the affected street at all times. Garbage pick-up and mail delivery services will not be affected during this project. Expect intermittent delays and potential stoppage of traffic during certain construction activities with flaggers. A minimum of one driveway will be open to those properties with multiple driveway entrances.

Tentative Key Construction Dates

This work is weather dependent. **Tentative project construction schedule: June 21 – September 13, 2021**. Restoration and Final Completion: **November 12, 2021**.

If you have any specific questions, or special needs, please call **Charles Smith, Construction Manager**, at **(734) 365-3556** or **Troy J. Nuccio, Project Manager**, at **(734) 341-3136**. For general questions, please contact the City of Westland's **Department of Public Service** at **(734) 728 – 1770, Monday - Friday, between 9:00 am and 5:00 pm**.

We appreciate your patience during construction.
