## Pre-Development Meetings

Prior to beginning any development process in the City, applicants are able to meet with the Planning and Building Director for a conceptual review meeting. This meeting can help promote a smooth process once a formal application is submitted. In order to request a conceptual review meeting, you may call (734) 467-3210, or reach out via e-mail at [Planning@cityofwestland.com](mailto:Planning@cityofwestland.com)

In order to make the best use, the following should be known/available:

- Location
- Existing/Proposed use
- Intended development (residential, office, retail, manufacturing, and so forth)
- Preliminary sketches (hand-drawn are sufficient)

At the meeting, the following would be covered:

- Review the proposed use for general conformance with existing zoning
- Provide initial feedback on design (if applicable)
- Identify the correct process (site plan review, special land use, variance and so forth) and walk the applicant through what to expect
